RACCORDI AD INNESTO RAPIDO
PUSH-IN FITTINGS

INOX AISI 316

Caratteristiche tecniche: Corpo e anello estrattore in ACCIAIO INOX 316, guarnizione in Viton, pinza in acciaio inox Aisi 303. Campi di impiego: alimentare, chimico, pneumatico, medicale, nautico. Tubi di collegamento: Polietilene, PTFE. La pressione massima di esercizio e la temperatura sono determinate dalle caratteristiche del tubo impiegato. Temperatura di utilizzo: -20°C +150°C. Filettatura: Gas conica ISO 7, Gas cilindrica ISO 228, Metrica ISO 262.

Technical features:* *STAINLESS STEEL AISI 316 body and collet, *Viton seal, stainless steel AISI 303 lock claw. Fields of application : food industry, chemical, medical and nautical industry, pneumatics. Connecting tubes : Polyethylene, PTFE. The max working pressure and working temperature depend on which type of tube is used. Working temperature : -20°C + 150°C. Threads : Tapered gas ISO 7, Parallel gas ISO 228, Metric ISO 262.*

Fisso conico
Fixed tapered
