Gas Control Equipment

LCD MASK

ECLIPSE 3.S

EDITION 1/2017

Eclipse 3.s LCD Mask is one of the best masks on the market today. It has one of the best optical classes on the market (1/2/1/1) and a very big view area (100×60 mm).

It is suitable for MIG/Electrode Welding and also TIG welding thanks to the four highly responsive sensors. The new LCD filter has now the variable shade selection 5-9 and 9-13.

- 4 high quality sensors for a maximum light detection
- BIG VIEW AREA: 100×60 mm (6000 mm^2) - greatly improving working conditions
- MIG/TIG/ELECTRODE
- OXYGAS

WORKS WITHOUT BATTERIES + SOLAR CELLS

CE

ECLIPSE 3.S

NEW HEADGEAR

The new headgear is extremely comfortable and allows easy adjustment of the nose-filter.

IMPROVED COMFORT

NEW LCD FILTER

The new LCD filter with shade selection 5-9 and 9-13.

EXTREMELY INTUITIVE CONTROL PANEL.
